Extension of Fiskaal Street, Cornville, Nelson Mandela Boulevard

OUR MISSION STATEMENT

It is the policy of the Laboratory to perform tests quickly and efficiently with due consideration to accuracy of results. In support of this, Management undertakes to operate a Quality Management System accordance to the customer's needs, regulatory authorities, and requirement of SANS 17025 and SANAS.

The Laboratory management shall be committed to impartiality. The Laboratory shall be responsible for the impartiality of its Laboratory activities and shall not allow commercial, financial, or other pressures to compromise impartiality.

Management and staff are bound to keep all information obtained created during the performance of Laboratory activities strictly confidential.

To ensure this, management requires that all staff support and endorse the effective maintenance of the Quality Management System, and implement the policies, procedures and work instructions forming part of the system. Management and staff undertake to maintain professional standard and good laboratory practice in the performance of their duties.

GENERAL INFORMATION

Accreditation:

Testpro Laboratory is a SANAS accredited testing laboratory. (No T0952)

Equipment:

Our Laboratory uses only the most modern equipment for testing. All our equipment is calibrated regularly within the prescribed intervals by accredited calibration facilities. All equipment is checked to conform to the prescribed standards daily before it is used for testing to ensure the accuracy of test results.

Personnel:

Our personnel are well trained in their specific field of testing. It is our policy to continuously train our staff & improve the knowledge of all our personnel.
